Presentation

BOARD EXAMS FOR FOREIGN TRAINED DOCTORS

Foreign trained doctors who possess qualifications equivalent to MBChB and BDS from University of Nairobi are required to sit Board exams in order to determine their eligibility for either registration or internship training

These exams are given under Cap. 253 Section II. However, graduates from the East African Partner States (EAC) who qualify from approved medical and dental schools are exempted from Board exams under EAC Boards/Councils Reciprocal Recognition

Board Exams for Foreign Trained doctors

1. Internship Qualifying Examination (IQE)

- IQE is administered to newly qualified graduates who have not undergone internship training at their country of training.
- Candidates who pass those exams will be required to submit a copy of posting letter from the Ministry of Health in order to be issued with **Internship License** by the Board.

Note: It is an offence to undertake internship training without the internship license.

Contd.....

INTERNSHIP FEEDBACK MECHANISM

The Board has is developing an internship feedback mechanism to address internship related concerns

It has two sections:

- **Feedback from Interns**
- **Feedback from Internship Centre Coordinators**

APPEAL

All appeals are addressed to the Chairman of the Board within Seven (7) days and the decision therein is final.

Good doctors
understand responsibility
better than privilege
and practice accountability
better than business.
